Our People Make The Difference

With thousands of clients across the United States, WPCI has succeeded in providing and administering highly automated, efficient and effective drug testing programs for many different industries and businesses. We have created employee drug testing programs for construction, transportation, trucking, schools, students and many other businesses. Our cutting edge technology offers the most modern means of servicing a client's drug testing needs. From employee policy writing and real time background checks, e-mail ordering and drug test reporting, to customized billing and SAP service management, we can manage your drug testing program from start to finish. DOT part 40 testing and non-DOT drug testing. Results can be provided through a variety of means including secured web pages! Click the client services button to the left for a demo. Employee drug testing is an important part of the Drug free workplace initiative.

Our staff includes professionals from the Medical, Customer Service, Mental Health, Social Services, and Management consulting fields. Our prompt handling of customer concerns, questions, employee calls and problems has made WPCI's customer support teams second to none. Our on-staff AA MRO certified Medical Review Officers (MRO) are available 24 hours a day, 7 days a week.

We recognize each company has unique drug testing requirements and we can customize each program to fit those needs. With so much importance placed on employee drug abuse testing, it is vitally important that your program excels above all others.

We solve your problems.....not create them.
